

POSTER PRESENTATION LIST - 13TH JULY

S.No.	Abstract No.	Title	Presenter
1	abs171	Titanite And Zircon La-Icpms Dating Of Granite Harbour Intrusive Complex Xenoliths Sampled From Western Mcmurdo Sound Cenozoic Lavas	A. P. Martin
2	abs194	Trilobite Biostratigraphy Of The Cambrian Spurs Formation At Mariner Glacier, Northern Victoria Land, Antarctica: Implications For Stratigraphic Reconstruction	Tae-Yoon Park
3	abs211	Detrital Zircon Geochronology Of The Mariner Group, Bowers Supergroup, Northern Victoria Land, Antarctica: Implications On Sediment Source And The Tectonic Evolution	Jusun Woo
4	abs271	Neoproterozoic Basinal Deposition From The Schirmacher Oasis, East Antarctica: Evidence From Detrital Zircon U-Pb Ages In High-Grade Metasedimentary Rocks	Ravikant Vadlamani
5	abs404	Proterozoic Crustal History Of Central East Antarctica	Mark Fanning
6	abs475	Redox Condition Of Granitoid Magmatism In The East-West Crustal Corridor Of Bundelkhand Craton, Central India	Gajender Kumar
7	abs54	Seismic Subsurface Imaging For Contourites	Sunjay
8	abs97	Issues And Options For Rapid Access Ice Drilling In Antarctica	Yang Yang
9	abs181	Research Progress Of Debris-Rich Ice Drilling Technology	Pinlu Cao
10	abs19	Glacier Fluctuations In The Bolivian Andes And Its Teleconnections With Antarctic Oscillation	Bijeesh Kozhikkodan Veetil
11	abs86	Influence Of Polar Cell On Antarctic Sea Ice Variability	Praveen Rao Teleti
12	abs290	Reconstructing The Glacial History Of The Western Dronning Maud Land Margin	Jennifer Newall
13	abs298	A Temporal Study Of Greenhouse Gases Content In Surface Waters Of The Antarctic Peninsula	Josefa Verdugo
14	abs348	Interannual Variability Of Chemical Characteristics Of Water Masses In The Shelf And Slope Area Of The Commonwealth Sea	Artamonova K.V.
15	abs388	Spatial And Temporal Variations Of Organic Carbon In Snow Deposits Of Princess Elizabeth Land (East Antarctica) And Its Implications	Archana Dayal

POSTER PRESENTATION LIST - 13TH JULY

S.No.	Abstract No.	Title	Presenter
16	abs391	Hydrodynamics Of Indian Ocean Sector Of Coastal Antarctica During 2012 And 2013 Using In-Situ And Satellite Data	Vinit R. Lotlikar
17	abs401	Influence Of Indian Ocean Subtropical Dipole On Indian Summer Monsoon Rainfall	Namendra Kumar Shahi
18	abs423	Precipitation Of Silica Spherules During Regional-Scale Ice Melting Events	Massimo Pompilio
19	abs429	Antarctic Sea-Ice Variability Modelling	David Mendes
20	abs441	Spatial Variability And Possible Sources Of Carboxylate Ions In The Surface Snow Samples In Princess Elizabeth Land, East Antarctica	S. Gautami
21	abs465	Impact Of The Stratospheric Ozone Hole On Atmospheric Perchlorate Production	Thomas Cox
22	abs473	Estimation Of The Basal Melt Distribution Beneath Ice Shelves In A Steady State Using High-Resolution Elevation Data From Cryosat-2	Choon-Ki Lee
23	abs474	Molecular Evidence For Rapid And Extensive Microbial And Photochemical Processing Of Organic Matter On The Surface Of The Antarctic Ice Sheet	Runa Antony
24	abs381	Seasonal Variations Of Perchlorate Concentration In Antarctic And Greenland Snow	Kari Peterson
25	abs191	Changing Characteristics Of The Ice Shelf Along Princess Astrid Coast, East Antarctica	Kumar P.
26	abs56	Geochemical Records From The Indian Sector Of Southern Ocean Since The Last Glacial Maximum And Its Palaeoclimatic Linkages	M. C. Manoj
27	abs206	Pelagic Sedimentation And Paleoenvironment Of Pliocene Radiolaria From Leg 119 Site 745, Southern Ocean Region	Deepak Dayal
28	abs255	Decoding Geochemical Signals In Antarctic Corals: Paleoceanographic Proxies Of Southern Ocean Water Masses	Paolo Montagna
29	abs313	Open Marine Sedimentation In The Southwestern Ross Sea During The Last Glacial Maximum	Lee, J.I.

POSTER PRESENTATION LIST - 13TH JULY

S.No.	Abstract No.	Title	Presenter
30	abs349	Antarctic And Arctic Sea Ice Changes During The Holocene And Eemian From Model Simulations	Mokhov I.I.
31	abs378	Reconstruction Of The East Antarctic Deglaciation Since Lgm: Evidence From Geomorphology Of The Sør Rondane Mountains, Dronning Maud Land	Yusuke Suganuma
32	abs396	Was South Georgia Ice Free During The Last Glacial Maximum?	Duanne White
33	abs187	Preliminary Report Of The Newly Found Fossil Woods From The Early Cenozoic Tuff Deposit At The Barton Peninsula, King George Island, South Shetland Islands, Antarctic Peninsula	Oh, Changhwan
34	abs241	Biogeographical Patterns In Southern Ocean Gastropods With Contrasting Developmental Modes	Claudio González-Wevar
35	abs242	Recent Diversification Of Harpagifer (Perciformes: Notothenioidei) In The Southern Ocean	Elie Poulin
36	abs354	Bridging The Gap: Otoliths From The Eocene Of Seymour Island, Antarctica, Reveal Predominance Of Gadiform Fishes (Teleostei)	Werner Schwarzhans
37	abs426	Structure And Function Of Fungi In Antarctic Lake Ice	Priyanka Kudalkar
38	abs510	High-resolution climate information from the northern Antarctic Peninsula as revealed by shallow firn cores and geophysical data	Francisco Fernandoy
39	abs52	Water-saturated sediments modulate West Antarctic ice sheet stability in the Weddell Sea Sector	Martin Siegert
40	abs120	Analysis of Extreme Precipitation Events over the Antarctic Peninsula during the year 2013	Wayan Suparta
